|                                                                                                                          |                  |                           |                   |                  |          |           |
|                                                                                                                          |                  |                           |                   |                  |          |           |
|                                                                                                                          |                  |                           |                   |                  |          |           |
| b. Total Disposal                                                                                                        |                  |                           |                   | -                | -        | -         |

| SECTION III - TOTAL MATERIALS GENERATED                                                                                        |  |  |  |      |          |           |
|--------------------------------------------------------------------------------------------------------------------------------|--|--|--|------|----------|-----------|
| <i>This section calculates the total materials generated during the project period (Reuse/Recycle + Disposal = Generation)</i> |  |  |  |      |          |           |
|                                                                                                                                |  |  |  | Tons | Cubic YD | Other Wt. |
| a. Total Reused/Recycled                                                                                                       |  |  |  | -    | -        | -         |
| b. Total Disposed                                                                                                              |  |  |  | -    | -        | -         |
| c. Total Generated                                                                                                             |  |  |  | -    | -        | -         |

| SECTION IV - CONTRACTOR'S LANDFILL DIVERSION RATE CALCULATION |         |             |           |  |  |  |
|---------------------------------------------------------------|---------|-------------|-----------|--|--|--|
| <i>Add totals from Section I + Section II</i>                 |         |             |           |  |  |  |
|                                                               | Tons    | Cubic Yards | Other Wt. |  |  |  |
| a. Materials Re-Used and Recycled                             | -       |             |           |  |  |  |
| b. Materials Disposed                                         | -       |             |           |  |  |  |
| c. Total Materials Generated (a. + b. = c.)                   | -       | -           | -         |  |  |  |
| d. Landfill Diversion Rate (Tons Only)*                       | #DIV/0! |             |           |  |  |  |

\* Use tons only to calculate recycling percentages: Tons Reused/Recycled/Tons Generated = % Recycled

|                                                                                                                                    |  |  |  |  |  |  |
|------------------------------------------------------------------------------------------------------------------------------------|--|--|--|--|--|--|
| Contractor's Comments ( <i>Provide any additional information pertinent to planned reuse, recycling, or disposal activities</i> ): |  |  |  |  |  |  |
|                                                                                                                                    |  |  |  |  |  |  |
|                                                                                                                                    |  |  |  |  |  |  |
|                                                                                                                                    |  |  |  |  |  |  |
|                                                                                                                                    |  |  |  |  |  |  |

Notes:

1. Section 01151A is a Division 01 General Requirement under CSI MasterFormat 1998 Edition.  
For CSI MasterFormat 2004 Edition, this Section may be renumbered as follows:  
Under Division 00, Procurement and Contracting Requirements, Project Forms 00 60 00  
Use: Section 00 62 22 Construction Waste Diversion Plan

2. Suggested Conversion Factors: From Cubic Yards to Tons (Use when scales are not available)

Asphalt: .61 (ex. 1000 CY Asphalt = 610 tons. Applies to broken chunks of asphalt)

Concrete: .93 (ex. 1000 CY Concrete = 930 tons. Applies to broken chunks of concrete)

Ferrous Metals: .22 (ex. 1000 CY Ferrous Metal = 220 tons)

Drywall Scrap: .20

Non-Ferrous Metals: .10 (ex. 1000 CY Non-Ferrous Metals = 100 tons)

Wood Scrap: .16
